

Class of 2013 ACT/PLAN Comparisons

The data listed above is the comparison for the performance of the Class of 2013 final ACT scores and the prediction scores for those students on the PLAN test that they took during the 2010 – 2011 school year as sophomores. Percentages for the predictions are as follows:

Students Whose ACT score met the prediction from the PLAN test: 79%

Students Whose ACT score was above the prediction from the PLAN test: 12%

Students Whose ACT score was below the prediction from the PLAN test: 9%
