

Board Proposal
Overbrook Preschool Learning Center

I am asking for the board's support in opening a community based preschool/ classroom. I am asking the District to provide a classroom space in Overbrook for this preschool to operate out of. I see this as a huge opportunity for our district as there is a great need for this sort of program in our area. This would allow me a goal that I have had, in serving the community in this way, and have struggled to find an adequate space. It would be a great asset to the district in helping to prepare students for entering the K-12 program. My curriculum would be based upon what the Kindergarten teachers expect from the students at the first nine weeks assessment. Allowing those students to have experience with those outcomes, while adjusting to the newness of kindergarten.

Points to look at:

- NO more peer models through Three Lakes program
- There are no other preschool programs available in the Overbrook or Scranton communities.
- A great way to introduce families to Overbrook School
- A program that is aligned with the curriculum of OAC
- There is a very successful program similar to this in Gardner, Ks

My plan would be to have classes M, W, F

3yr old program - Drop off between 8- 8:15 to 10:45 - 11am

4yr old program - Drop off 12:45 - 1:00 to 3:30 to 3:45 pm
