The District and the Supplier Agree

Century Business Technologies, Inc., will:

1. Provide all maintenance, parts replacement, and all supply items, with the exception of paper and staples.
2. Century agrees to provide imaging systems suitable to produce acceptable copy quality, and further agrees to replace any equipment which shows unusually high repair frequency after reasonable efforts to repair the imaging system has been met and/or at a request from the District has been received requesting an exchange of an imaging system and the system is deemed to need replacement by a Century senior service representative. Replacement equipment shall be made from available equipment of similar type, and may be either new or reconditioned equipment, at Century's option.
