May 2016 Update

## End of the Year

The 2015-16 school year is very quickly coming to a close. It has been a great year full of many achievements.

Both third and fourth grade classes have had the opportunity to tour the Carbondale Attendance Center. Both grade levels will have classes in the north wing. Please take the opportunity next fall to come in, visit and tour the school before classes begin.

Please take note of all of the activities on the next page. Amidst all of the end of the year craziness, students will continue to take part in academic activities.

## Pennies for Patients

Thank you so much for your contributions and support of our Pennies for Patients campaign. Our total donation to the Leukemia and Lymphoma Society was \$ 770.54.

With the most donations, Mrs. Arb's class won a pizza party this past Friday.

The students really enjoyed the special days, especially "Stick-it to Mr. Payne" Day!!

We are on the downhill side of completing all Kansas State Assessments. Please look for student scores next fall.

## Field-Day

SFT Field-Day is scheduled for Wednesday, May 4th. Activities will begin at 12:30 p.m. Water and granola bar snacks will be provided for each student. We recommend that you apply sunscreen on your kiddo before coming to school. A SchoolReach alert was sent out earlier with additional information.

**SAC Has Talent** - The SAC talent show will take place this Friday, May 6th beginning at 2:00 p.m. We have 20 acts scheduled to perform. Rehearsals are May 3rd and 5th from 3:30-4:30 p.m. Parents must provide transportation home after rehearsals.

## Fees and Lunch Payments

As we wrap-up the end of the school year, please make sure your student's lunch account is paid up. Any enrollment fees that are outstanding need to be taken care of as well.

To check the status of a lunch account or to verify if any fees are outstanding, please contact Mrs. Hager in the SAC office (785-793-2256) at any time.

The fourth grade class enjoyed a cool, yet wonderful field trip to a couple of local farms last month. This group of boys was visiting with Mr. Fawl about farm related items!!

## Lexia Super Stars!

During the month of April we added 16 students to our list of those working on lessons above grade-level and four additional fourth graders having completed the Lexia program.
