

Santa Fe Trail High School
Recommended Changes for 2017-18
Class Offerings

1. Current: 1.0 Freshmen Rotation (.25 Health, .25 Oral Communication, .25 Character Education, .25 Financial)

Proposed Change: 0.5 Freshmen Rotation (.25 Health and .25 Oral Communication)

Positives: Freshmen get more opportunity to enroll in electives.

Social studies was reduced 3 classes when Mr. Hug went part time. This would give our students an additional opportunity to enroll in social studies class(es). (Mrs. Flory would be teaching one more class of social studies.)

Ms. Robinson would be able to teach another science class. (Honors Biology)

This would be a graduation requirement change that would begin with the class of 2021.

2. Current: Freshmen enroll in Algebra I or Geometry

Proposed Change: Freshmen enroll in Pre-Algebra, Algebra I, or Geometry

Positives: Students are placed in the more correct level of math with parent input. We have done this with English for as long as I have been here and has worked really well.

3. Current: Freshmen enroll in Biology or /Biology (Lower level)

Proposed Change: Freshmen enroll in /Biology (Lower Level), Biology, or Honors Biology

Positives: Students are placed in the more correct level of science with parent input. This would now be consistent with math and English.

Class Time	8:00-8:53	8:57-9:50	9:54-10:47	10:51-12:10	12:14-1:07	1:11-2:04	2:08-3:01	3:05-3:30
