- Olathe
- Derby
- Diocese of Kansas

Secure Volunteer

Notes from webinar/phone call with Secure Volunteer by BIB:

Billing/Background info:

- Accuracy Rate of 99.994%
- Established in 1995
- No set-up cost
- \$13.95 per search, if NY is included in the search for a particular person, there is an additional \$65 fee. All others remain at \$13.95.
- The cost can be at the expense of the volunteer, combination of school and volunteer or all the school. You establish the set-up and it bills accordingly.

Logistics:

- Volunteer enters info on the website (which is linked to our website). No entry by our staff.
- Someone at the board office would start the process of the checks by clicking all those listed.
- Once the check is complete, it will send letters to the volunteer to say if they are accepted or not.
- We set the parameters for what is approved or not.
- Principals could log on to see who is approved.
- The volunteer gets a card that they can show they are approved as well.
- We set the expiration date (1 year, 2 year, or 3 year). The system will send a reminder 30 days before the expiration date so they know they need to complete it again.
