

## School Calendar for 2020-2021

### Recommended changes:

The Leadership Team would like to recommend a change to the 2020-2021 school calendar. **We would like to move the first day of school to Wednesday, August 19<sup>th</sup>**. This would give two additional Professional Development Days at the beginning of the school year to add time for staff to prepare for all of the changes due to COVID 19.

This was determined after our meeting with parents and teachers on Wednesday, July 1<sup>st</sup>. Nothing would be added on the number of days that teachers would work. We would take from the PD days later in the school year. At this time, those days will be determined later.
