I will be retiring or resigning my position with USD 434 at the end of the 2020/2021 school year. Our family will be forever grateful to this district for the support and caring during the past few years. It means the world to us. It is very hard for me to walk away from the students that I have cared for over the past 30 years but it is time for me to say goodbye.

Again, thank you all,
Jeff Payne/Family.
