

Mrs. Testa,

The 8th grade ELA classes have been researching the events of WWII in preparation of reading the play, "The Diary of Anne Frank." Recently, Ms. Amborski was sent information about the traveling Auschwitz exhibition in KCMO. As this exhibit correlates with the current unit of study, we would like permission to take the 8th graders - who are in good standing - to experience the primary source documents and exhibits.

We would like to ask that the 8th grade teachers (Mr. Bachura, Ms. Bauske, Ms. Herron, Ms. Amborski, and myself) travel with the class as sponsors to view the exhibit. We do not have a date set yet, as we would like to apply for a scholarship to help with expenses.

As a teacher new to the district, I am unsure what other items need to be addressed; bus coordination, meals, etc.?

Please advise as to the possibility of this endeavor, as Ms. Amborski would like to apply for the attached scholarship to help with entrance expenses. We would like to provide this experience at as low a cost to the student as possible.

Thank you for your time and consideration,

Dawn Hart
