Subject: Resignation

I am resigning my teaching position after this school year.

I want to thank USD 434 for everything they have done for me. This district has treated me great over the years, I am grateful.

I want to thank Mr. Graham. Since I met him many years ago he treated me with nothing but respect. He has put me into positions that I could have succeeded in, and I believe I did. We have had many talks that I took as advice and used, and I am grateful for him not only as a mentor, but as a friend.

I want to thank Mr. Erickson as well. I have known him since I was 9 years old, and I am lucky for it. He has been a father figure for me, a mentor, and a friend. He is a huge reason I am who I am today. I am grateful for him. Much love for Coach.

The high school is in great hands with these two men in charge, and it was a pleasure working with them. The teachers at the high school are top notch. They work very hard, and truly care about their students, it was a pleasure to work with them.

I will always be a Charger, and a Trail fan.

Thank you,
Josh Cauthon
