

## WHATS HAPPENING AT SAC?

Spring is a busy time of year at the preschool. We are working hard to get students the skills they need before the end of the school year. As we think about the next school year, the preschool is preparing for Kindergarten transitions, pre-enrollment, summer enrollment, class placements, preschool operations, and more. We will update you as this information becomes available. Be sure that you are checking your emails, Facebook, and SeeSaw for the most current SAC information. It is important to stay informed of your school's updates.

During the month of March, we also host our final parent-teacher conferences of the school year. This conference is very important to review your child's growth over the school year and ask questions that you may have. Your child's teacher has very valuable information to share with you and that relationship is key to your child's success. We thank you all for attending these events. Parents as Teachers will also be available at conferences to talk with families about their services for your children.

Finally, we are gearing up for our SPRING units and can't wait to be outside and play in the dirt. It is Read Across America Day on March 2nd. The High School National Honor Society students will be joining us for the day. We are excited to host them for some interactive literacy events and fun!!!! The preschoolers love when the big kids come to hang out with them!! Stay tuned for pictures on Facebook to showcase our **READ ACROSS AMERICA DAY!!!**

## SAVE THE DATES

- March 2 Read Across America Day
- March 3rd No School at SAC due to Well Child Screenings

- March 28th-29th SAC Parent Teacher Conferences
- March 31st No School all district- Teacher Prep

### 2023-2024 PRESCHOOL PRE-ENROLLMENT

#### **CLICK HERE TO PRE-ENROLL**

It's that time of year to collect information from parents about your interest in preschool next year. Preschool operations work separately from K-12 education due to funding, special education requirements, and student placement consideration. Please fill out the pre-enrollment form linked above as a way to show us your interest.

Filling out this form does NOT complete the enrollment process or guarantee a spot in the preschool. This gives us basic information to begin planning for the next school year. There will be an online or in-person Preschool Enrollment opportunity in the summer that is mandatory for all students.

**\*\*Information asked in the form is required by our federal grant funding sources. Thank you for providing this information to help us fund our preschool programming.\*\***

These documents will be required to enroll in preschool: Child's birth certificate, Child's immunization record, and Child's Physical(dated sometime within the last year).

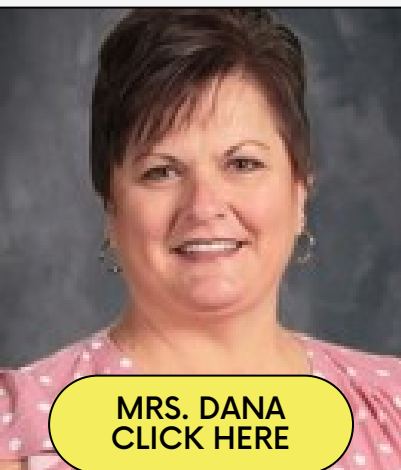

## CHECK OUT THESE FACES FROM FEBRUARY

Dental Day, Valentines Day, and Classroom Fun

## SIGN UP FOR PARENT TEACHER CONFERENCES

In order to make time for all parents please click on the SignUpGenius Link below. Each family is allotted 10 minutes. Our Conferences are held from 4-7 on March 28th and 29th. You can also sign up in the email sent to you by the teachers.
