

BOE REPORT

December 2022

Scranton Attendance Center Preschool

Faith Flory

"Inspiring and Empowering every Charger, every day."

What's Happening at the Preschool

November was an extremely busy month at the preschool. We have finalized most of our initial evaluations for special services. Thank you to our TLEC staff for all of their extra hours to make sure our youngest chargers are receiving the services they need. We have begun our data analysis for pre-academics and are currently devising a new SEL screener that is preschool appropriate. We look forward to learning more about our youngest learners to drive our classroom instruction. The preschool had a fun-filled learning experience with our fall season and holidays. We also had a former teacher join us as a guest speaker. Please see the newsletter linked below for more information on preschool activities and important dates

BOE Goal 5: Budget and Facilities

This BOE goal is extremely important not only for budgetary planning but to determine the priorities most conducive to student achievement. The budget and facilities that we oversee directly affect the impact we have on the rest of your BOE goals. At the preschool we are looking to improve the following priorities for student safety and security.

1. Secured Entrance
2. Completion of HVAC replacements
3. Play Ground Shade Awning
4. Carpet Rotation (5 years)
5. Gym Door Replacements
6. Down Spouts (gym)
