Whats Happening at the preschool?

It is the last month of school and we can not believe how fast this year has gone. We have had so much fun with your students this year. During the month of May, we are conducting end-of-the-year assessments with our Learning Without Tear's Benchmark. Your child's data will be shared with you in their report cards. This month the preschoolers will also be traveling down the street to Scranton City Park to experience their first school field trip. We look forward to a new adventure with them.

Students are continuing their science projects. We are planting flowers, growing grass, witnessing the life cycle of the butterfly, and getting our hand deep into the earth!

This will be the last newsletter of the school year. We wish you all a wonderful summer and hope to see you all back in the fall.

Don't forget to pre-enroll your child if they plan to attend preschool next year. This is for new and returning students. [FORM LINKED HERE](#)

Bunny Smiles

Parent Education

One of our preschool goals this year was to support school readiness through parent education. Each month, we share research and strategies that can be used at home to support early childhood development. We also hosted a parent information session at our spring family night. We would like your feedback about our parent education and how we can better support your child's development and school readiness. Please help us by filling out this short 4 question survey. We appreciate your feedback to help us improve our practices.

Summertime Fun

Summer is a wonderful time to bring new experiences to your children's lives. Not all of these experiences have to be expensive or require traveling long distances. Check out the following links to Sunflower Summer and Greenbush Summer Camps for fun kid friendly and affordable opportunities.

[Greenbush Summer Camps](#)

Read to and expose your child to new books this summer. Reading is the best at-home activity to keep their minds fresh while off from school. Check out your local libraries for summer reading programs.

[Overbrook Public Library](#)

USD 434 will also be participating in the Summer Feeding Program this year. Breakfast and Lunch will be available to all students in each of our schools throughout the summer months. Please be looking for more communication about this program in the upcoming weeks.

**HAVE A FANTASTIC SUMMER WITH YOUR CHILDREN!
WE WILL MISS THEM ALL!**
