### OCTOBER

## What's Happening at the Preschool?

September has been a busy month as students are getting settled into routines. Students are learning all the skills needed to prepare them for Kindergarten. This past month our students also experienced Homecoming and our Fall Family Night. Kona Ice on the playground was a big hit! We believe these experience are rich learning opportunities for students to grow both socially and emotionally. These skill are just as important, if not more, than pre-academic.
