A message from our principal

Dear Charger Families,

We will begin our third grade state assessments this month. We will also complete our Spring Fastbridge Assessment starting on April 22nd. This can be a stressful time for our students. Here are some tips to help ease their minds:

Testing Schedule for Math:

April 2nd and April 3rd (Mornings)

Testing Schedule for English Language Arts:

April 16th and April 17th (Mornings)

- Reassure your child that he or she does not have to answer all the questions correctly to pass. It is not expected that students answer every question correctly. There is always room for error. Knowing that they do not have to be perfect will help eliminate some of the stress that comes with testing.
- Tell your child to attempt to answer all of the questions and not to leave any blank. There is no penalty for guessing and students can get partial credit on the open-ended items. Teach them to eliminate ones that they know are wrong first because it gives them a higher chance of getting the correct answer if they are forced to guess.
- Remind your child that the test is important. It sounds simple, but most children will put forth their best effort when they know it is important to their parents.
- Ensure that your child gets a decent night's sleep and a good breakfast before taking the test. These are essential to how your child performs. You want them to be at their best. Failing to get a good night's rest or good breakfast can cause them to lose focus quickly.
- Make the morning of the test a pleasant one. Try to do extra things that make them laugh, smile and relax.
- Get your child to school on time the day of the test. Give yourself extra time to get to school that morning.
- Encourage your child to stay focused on the test, even if other students finish early. It is human nature to want to speed up when others around you are already finished. Teach your child to start strong, stay focused in the middle, and finish just as strong as you started.

TALENT SHOW

Grades 2-3 Only: Fastbridge Sabers Opt In

Parents of students in grades 2-3 please consider opting in for the Spring Sabers assessment for your child. This was offered at enrollment, but the state requires these responses to be gathered again in the Spring. This assessment allows your child to share how they feel about school, their friendships, academics, etc. We use this information to guide our counseling lessons at school.

SPECIALS AT OAC

ANIMATED APRIL

Art- In April students will learn about perspective and focus on the color wheel.

Explore- Spring is such a fun time of year with several activities to keep everyone busy! Our number one priority will be to crown this year's March Mammal Madness Champion! Kindergarten will focus on problem-solving and be introduced to "coding" while first grade will expand on their problem-solving skills and try to fix "bugs" within their codes. Second grade will utilize technology to enhance their wax museum while Third grade will prep for State Assessments in an Explorations BootCamp.

Music- K-1 students will continue taking turns creating rhythms with sticks. 2nd graders are practicing with finger cymbals. 3rd graders are fingering several ukulele cords and practicing recorder notes. 2nd and 3rd grade concert time is April 18th at Santa Fe Highschool. 2nd grade performs at 6:00 (ready in library at 5:45). 3rd grade performs at 7:00 (ready in library at 6:45). All families are invited to explore the songs and music resources at MusicPlayOnline. Recorder songs, for example, can be accessed with the instrument tab at <https://musicplayonline.com/> and enter code s456512 See Below for the "I can" poster for what 2nd and 3rd graders are learning.

P.E.- In PE this month we will start getting ready for field day. We will be putting the skills the students have learned this year to the test through fun mini-games. They will vote on what games they enjoyed the most and want to have during field day this year. (P.S. Field day is on May 3rd this year. If you would like to volunteer scan the QR code or click the link to sign up.)

Board Goal 5 - Budget and Facilities

5.2 Continue to Improve the existing facilities through the effective use of capital outlay funds. At this time we have turned in a facility update request to Mrs. Faith Flory with recommendations based on need ranking the items from highest to lowest need. Additionally, the custodians are gaining bids from various companies. Mrs. Flory will share with you our capital outlay needs.

5.4 Review the existing grade-level configuration in our district facilities. This has been completed through town hall meetings. The board will have additional meetings to discuss this specific goal and review feedback from the patrons.
