

## Learning Services Update - May 2025

Dr. Carrie Mugridge

### Goal 5: Budget & Facilities

### Goal 6: School Safety & Security

Goal 5: I am working to support this goal by creating a detailed, yearly budget for curriculum needs, ensuring that resources are aligned with instructional priorities and fiscal responsibility. I continuously review curriculum purchases to maximize value and effectiveness while maintaining long-term sustainability within the district's overall financial plan.

Goal 6: To support safety and security, I have implemented procedures to protect the integrity of assessments, including secure storage and handling of test materials. I also lead annual ethics training for staff involved in testing to reinforce confidentiality, proper procedures, and test security protocols. These efforts help ensure a safe, ethical, and compliant assessment environment for all students.

## Learning Services Department Update

### Assessment

- FastBridge Spring Benchmark Window
  - April 28 - May 9
  - K-8 students take reading & math assessments

- Grade 9 - 12
  - Students who did not meet the 40th percentile benchmark in the previous FastBridge benchmark will be assessed again in the spring.
