What's Been Happending at the Preschool?

April has been a busy month in preschool!

We were so grateful for the turnout for our first ever preschool music program.

Thank you everyone for coming and supporting our littlest Chargers! They worked hard to learn the songs, and they did a great job performing them for everyone. We also got to experience the life cycle of butterflies as well as a lot of time playing outside due to the nice weather.

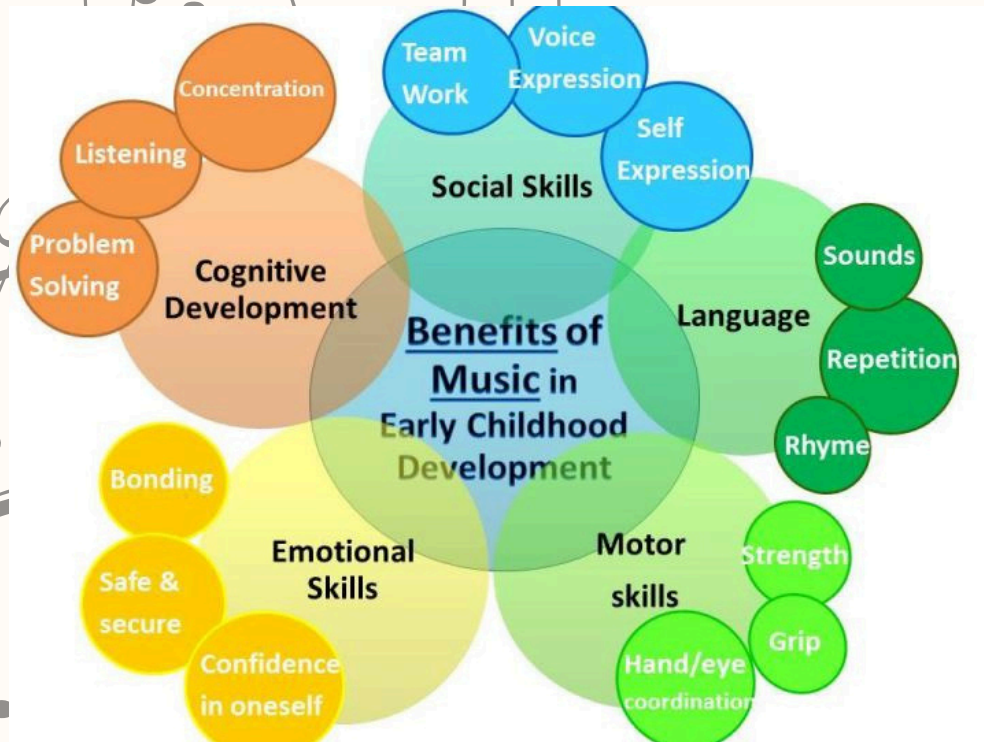

In May, we will finish up all of the end of the year activities. Preschoolers will also be traveling to the Scranton City Park the second week of May for their field trips. Be looking for 4th quarter report cards and end of the year assessment data to come home in backpacks this month as well.

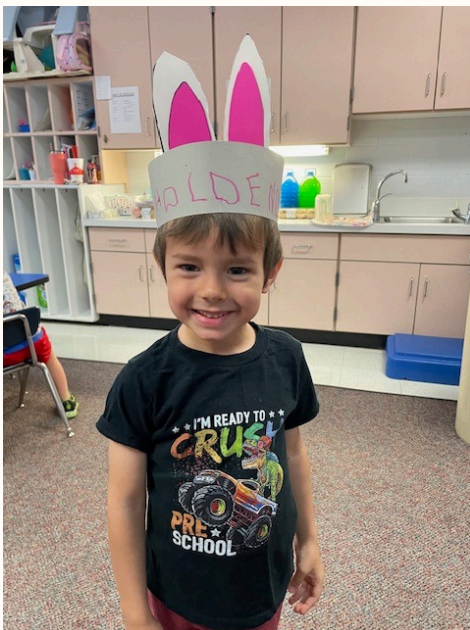

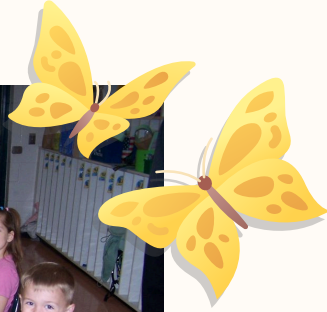

This will be the last newsletter for the year. We hope everyone has a great summer and we will see you in the fall!

The Benefits of Music in Early Childhood

The preschoolers were so excited to perform the songs they learned for parents and families at our music program. We use music for a variety of reasons in our preschool classrooms. Not only does music help with transitions and calming the room down, but it also helps us accomplish all of the skills listed in the chart below.

Early Childhood Screening!

**Free developmental screening for kids
from birth to 5!**

Interested in Preschool?
Screening is the first step!

May 2 at Scranton Attendance Center

- Who? Any child from birth-5 who hasn't attended a screening in the last year. Current preschoolers do NOT need to attend.

For an appointment, call

SAC @ 800-836-9525

- All areas of development are screened: language, speech, cognitive, fine & gross motor, vision & hearing

- Sponsored by your local school and Three Lakes Educational Cooperative
